

Unides® AF wipes

Ready to use rapid disinfection wipes based on alcohols for residue free disinfection. Broad antimicrobial spectrum and short drying time. Fragrance free.

Use areas

Use for disinfection of wipeable surfaces and non-invasive alcohol resistant medical devices.

Application

Wipe surface and allow disinfectant solution to take effect. Keep surface wet for the whole exposure time.

Composition

100 active ingredient solution contains: 24 g Ethanol and 37 g Propan-1-ol.

Antimicrobial Spectrum

The impregnating solution of Unides® AF is:

- Bactericidal (incl. MRSA)
- Mycobactericidal (M. terrae; M. avium)
- Yeasticidal, fungicidal (C. albicans; A. brasiliensis)
- Virus inactivating (HBV/HIV, HCV, BVDV, Rota; Adeno-, Noro-, Vaccinia-, Influenza- and Herpes viruses)
